Madjax recommends professional installation. If you choose to not have this product installed by a professional, we highly recommend that you exercise caution, care, and patience when installing this product.

## STEP 1

Slide two of the provided carriage bolts into the inside track as shown at your desired location.

**Note: You may have to temporarily remove the hardware that secures the top to the struts to reach your desired location .**

## STEP 2

Align the grab handle with the bolts and secure with the provided washers, lock washers, & acorn nuts. Tighten hardware using a 13mm Socket.

Repeat process on opposite side, use a tape measure to match mounting locations.
